

E- THEME BASED ACTIVITY POLICY **@ DEPARTMENT OF WELLNESS**

INTRODUCTION

As part of the school's monthly theme activity, WELLNESS department conducts various theme based activities for children in different phases, considering their level of functioning and creativity.

IIS aims to be comprehensive in scope, preventative in design and developmental in nature. A comprehensive program seeks to develop all students (k-12) in four key areas: Academic, Behavioral, Emotional, Career, Personal, Social and Global perspective. To make our students engaged and informed about various themes, several inspiring activities are conducted through E-learning these days by the Wellness team. As a result, our students are motivated, supported and given the tools to not only succeed at school but to go on to contribute to communities through theme based activity.

AIMS AND OBJECTIVES

- To empower students talents with activities through remote learning
- To ensure their participation in the co-curricular activities
- To foster their creativity and innovative skills
- To make their mind fresh and active via different types of activities
- To instill and generate values in the everyday life
- To improve their soft skills and presentation skills.
- To increase students initiative and readiness
- To make connections and networking with each other through E-learning
- To ensure solidarity among children through E-learning activities.

CONCEPT OF THEME BASED E- LEARNING

Like other activities, it plays an inevitable role in the children to have an awareness and insight about the community. Hence, Wellness department facilitates and incorporates theme based activity for students and parents as part of scheduled programs /need based which include orientation, awareness, guidance, motivation, community based programs etc. by realizing the relevance of theme based activities among children to make them stay updated and connected through the possible means as much as possible in the present scenario.
