CODE OF CONDUCT

All students are expected to conduct themselves in a disciplined manner in all places at all times and project the good name of their courteousness, manners, deportment and conversation. Teachers have a right to teach and students have a right to learn. All students are capable of behaving appropriately. We intend to achieve our aims by establishing clear and consistent boundaries within a balanced framework. We have established a code of conduct, which will be displayed throughout the school, in the form of school rules. Our School rules are in effect at all times and should be followed by everyone in the school community. The whole-hearted co-operation of the parents is expected at all times in the formation of character of their children. As the student progresses from the lower to the higher classes , he/ will be given increasing opportunities to shift from conforming to externally imposed order to self –imposed order and self –imposed discipline.
